- Safe and easy boarding
- Fast and intelligent canopy solution
- A beautiful and timeless design
- Great headroom all over
- Easy to move around the boat.
- Confident all-weather boating
- Very quiet and little vibration
- A roomy engine room with great levels of accessibility
- Easy to access the roomy midships cockpit

**"The best value cruiser on the market today,
and quite simply the most accomplished
32ft cruiser in the world"**

Motorboat and Yachting UK

Beneath the bed you will find a huge storage locker. Opposite the bed we have installed very generous size cabinet and drawers. Flat screen TV can be fitted on the wall as extra. The cabin offer 3 hatches for ventilation.

The extraordinary spacious front cabin offers lots of light through the huge windows in the hull. You are perfectly in contact with the water and nature. The headroom is generous 201 cm high and the huge bed is circular 2.1m in diameter.

The spacious aft cabin includes 3 berths and a 180 degrees panoramic wraparound window line. You will find big lockers beneath the beds. The cabin also has five superb size storage lockers and a table that can be folded out and be uses as pc work desk or for children to play. The headroom is a generous 191 cm high.

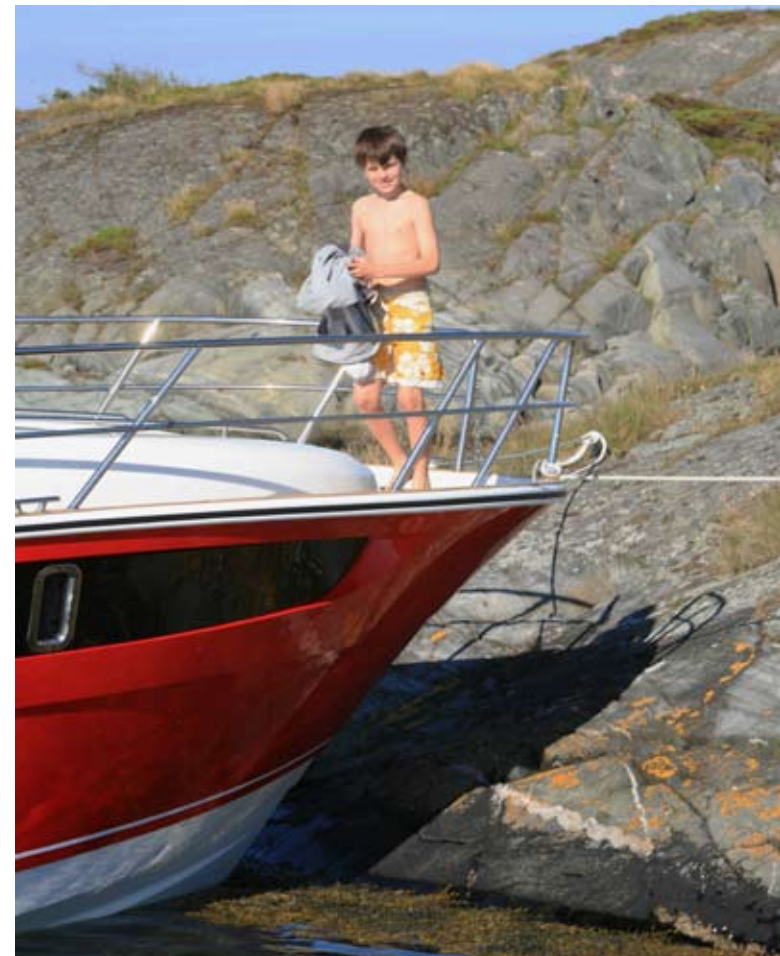

"The Marex 320 ACC is an unbeatable combination of style, ability and space, in a remarkable compact and affordable package. Quite how Marex managed to pack so much accommodation into a hull this size, and still make it look good, is one of the great achievements of our time"
