

MAREX 440 Scandinavia

Elegant Practicality

The Marex 440 Scandinavia is the second version of the shipyard's flagship model. It redefines modern cruising with its perfect blend of luxury and functionality. With a focus on social spaces, the Marex 440 Scandinavia offers two large dining areas onboard and ensures quick and direct access to the deck thanks to its pilot and co-pilot side doors.

Salon Dining

The salon has a dining area with a sofa and two pull-out stools, perfect for accommodating additional guests or creating a cozy space for family gatherings. The table features folding sides, which can be easily adjusted to shorten the top. This design is particularly useful when space optimization is essential, such as when using the flip-over co-pilot bench.

Flip-Over seat

The clever flip-over co-pilot seat can quickly transform into part of the dining area, adding flexibility to the salon. Whether enjoying a meal or engaging in lively conversation, this multifunctional seating arrangement effortlessly adapts to your needs.

Galley

The Marex 440 Scandinavia boasts a beautifully designed kitchen equipped with a double sink, oven, and induction cooker by Miele. A spacious 220-liter (7.8-cubic feet) refrigerator and a 100-liter (3.5-cubic feet) freezer provide ample capacity for provisions. The refrigerator and freezer are powered by roof-mounted solar panels as extra option, allowing them to run all season without requiring shore power.

Cockpit Seating Group

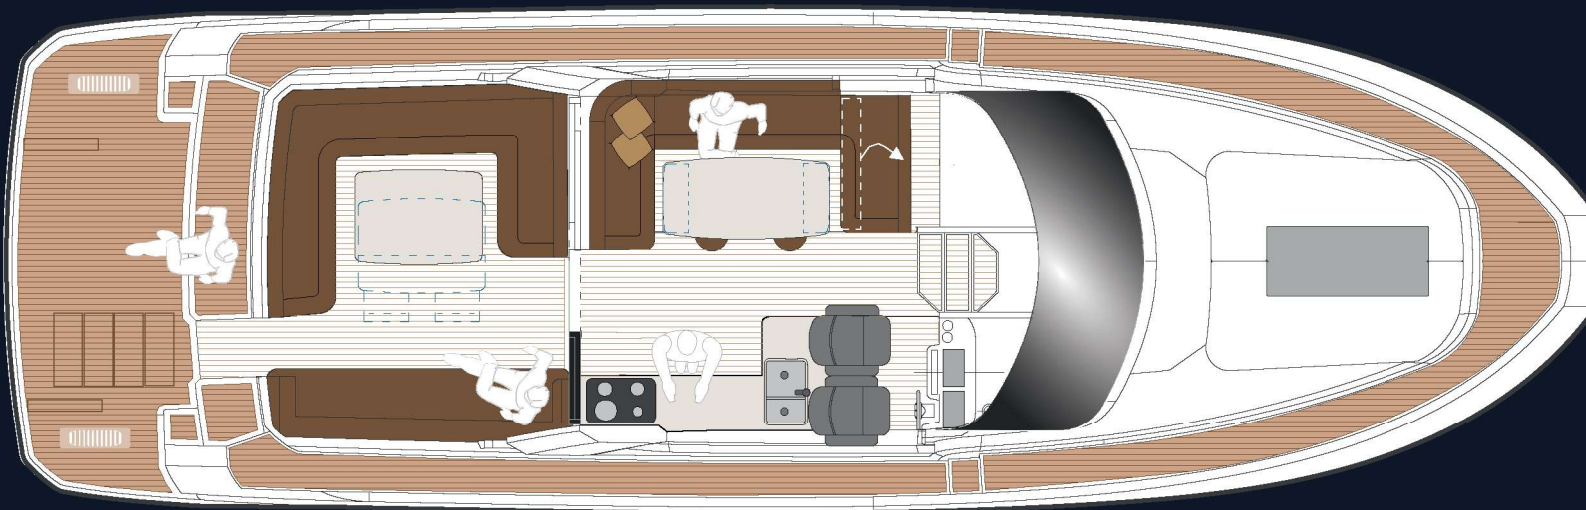

The open cockpit of the Marex 440 Scandinavia is designed to be the ultimate social hub on the water. At its heart is a spacious U-shaped sofa that wraps around the dining table, complemented by an additional starboard sofa. Every corner of the seating group is optimized for socializing and connection to the sea.

Hidden TV

A standout feature is the folding down TV concealed in the ceiling. Its rotating functionality allows it to serve both the open cockpit and the salon seating areas. This clever addition ensures you can enjoy your favorite shows or movies wherever you're seated.
